To our Public Safety partners:

Marathon Pipe Line LLC operates assets recognized by state and federal officials as critical infrastructure essential to the state of Indiana. These assets support community safety, security, economy, and resilience, at all times and especially during the COVID-19 response.

This employee/contractor is required on site(s) to ensure the continued and safe operations of our critical facilities and is authorized on our behalf to travel in and out of these sites as needed.

Therefore, should any travel restrictions or curfews be in place it is requested that they be allowed work-related travel owing to their importance to our critical operations.

For the safety of our critical operations please use the following verification process if you deem it necessary to validate this bearer:

1. Workplace credential
2. Government-issued identification
3. This letter displayed in vehicle dashboard or on person
